Re: Violations of Proposition 65 concerning **Footwear Accessories Containing Bis (2-ethylhexyl)
phthalate (“DEHP”)**

To whom else this may concern:

Consumer Advocacy Group, Inc. (“CAG”), the noticing entity, located at 9903 Santa Monica Boulevard #225, Beverly Hills, California 90212, serves this Notice of Violation (“Notice”) on the **Above Listed Entities** (“Violators”), pursuant to and in compliance with Proposition 65. Violators may contact CAG concerning this Notice through its designated person, its attorney, Reuben Yeroushalmi, 9100 Wilshire Boulevard, Suite 240W, Beverly Hills, CA 90212, telephone no. (310) 623-1926, facsimile no. (310) 623-1930. This Notice satisfies a prerequisite for CAG to commence an action against Violators in any Superior Court of California to enforce Proposition 65. The violations addressed by this Notice occurred at numerous locations in each county in California as reflected in the district attorney addresses listed in the attached distribution list. CAG is serving this Notice upon each person or entity responsible for the alleged violations, the California Attorney General, the district attorney for each county where alleged violations occurred, and the City Attorney for each city with a population (according to the most recent decennial census) of over 750,000 located within counties where the alleged violations occurred.

- CAG is an organization based in California. CAG is an entity dedicated to protecting the consumer environment, improving human health, and supporting environmentally sound commercial practices. By sending this Notice, CAG is acting “in the public interest” pursuant to Proposition 65.

- This Notice concerns violations of the warning prong of Proposition 65, which states that “[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual . . .” *Cal. Health & Safety Code* § 25249.6.
- CAG has discovered **Footwear Accessories**, specifically, **PVC Shoes Cover (“Shoe Covers”)** containing **Bis (2-ethylhexyl) phthalate (“DEHP”)**, also known as Di (2-ethylhexyl) phthalate. On January 1, 1988, the Governor of California added DEHP to the list of chemicals known to the State to cause cancer, and on October 24, 2003, the Governor added DEHP to the list of chemicals known to the State to cause developmental male reproductive toxicity. The above additions took place more than twenty (20) months before CAG served this Notice.
 - An exemplar of the violations caused by **Shoe Covers** containing **DEHP** includes but is not limited to:
 - **“DAISO;” “Shoes Cover;” “To protect the shoes from rain and mud cover the dirt to keep the cleaning;” “SHOES 276;” “DAISO INDUSTRIES CO., LTD. 1-4-14 Saijyo Yoshiyukihigashi, Hihashihiroshima, Hiroshima, 739-8501 JAPAN;” “TL779;” “4 549131 173604”**
- This Notice addresses consumer products exposures. A “[c]onsumer products exposure” is an exposure which results from a person’s acquisition, purchase, storage, consumption, or other reasonably foreseeable use of a consumer good, or any exposure that results from receiving a consumer service.” *Cal. Code Regs.* 27 tit. § 25602(b).

Violators caused consumer product exposures in violation of Proposition 65 by producing or making available **Shoe Covers** for distribution or sale to consumers. The packaging for **Shoe Covers** (meaning any label or other written, printed or graphic matter affixed to or accompanying the product or its container or wrapper) contains no Proposition 65-compliant warning. Nor did Violators, with regard to **Shoe Covers**, provide a system of signs, public advertising identifying the system and toll-free information services, or any other system, which provided clear and reasonable warnings. Nor did Violators, with regard to **Shoe Covers**, provide identification of the product at retail outlets in a manner that provided a compliant warning through shelf labeling, signs, menus, or a combination thereof.

These violations occurred each day between September 6, 2016, and September 6, 2019, and are ever continuing thereafter.

The principal routes of exposure were through dermal contact, inhalation and ingestion. Persons sustain exposures by using, handling or carrying the **Shoe Covers** without wearing gloves or by touching bare skin or mucous membranes with or without gloves after handling **Shoe Covers**, as well as direct and indirect hand to mouth contact, hand to mucous membrane, trans-dermal absorption, or breathing in particulate matter emanating from the **Shoe Covers** during use, as well as through environmental mediums that carry the **DEHP** once contained within the **Shoe Covers**.

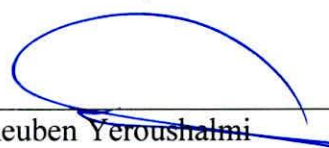

Proposition 65 requires that notice of intent to sue be given to the violator(s) sixty (60) days before the suit is filed. *Cal. Health & Safety Code* § 25249.7(d)(1). With this letter, CAG gives notice of the alleged violations to Violator and the appropriate governmental authorities. In absence of any action by the appropriate governmental authorities within sixty (60) calendar days of the sending of this CAG may file suit. *See Cal.*

Code Civ. Proc. § 1013; *Cal. Health & Safety Code* § 25249.7(d)(1); and *Cal. Code Regs.* tit. 27 § 25903(d)(1). Per *Cal. Code Regs.* tit. 27, § 25600.2(g) (2018) the retail seller noticed on this 60 Day Notice is hereby requested to promptly provide the names and contact information for the manufacturer(s), producer(s), packager(s), importer(s), supplier(s), and/or distributor(s) of the product(s) identified in this Notice.

CAG remains open and willing to discussing the possibility of resolving its grievances short of formal litigation.

With the copy of this notice submitted to the Violators, a copy of the following is attached: The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary.

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as "Proposition 65"). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. Please refer to the statute and OEHHA's implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

The "Proposition 65 List." Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before "knowingly and intentionally" exposing that person to a listed chemical unless an exemption applies. The warning given must be "clear and reasonable." This means that the warning must: (1) clearly say that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that

750,000 population, or any full-time city prosecutor with the consent of the district attorney, from filing an enforcement action against an alleged violator.

When a private party sends a notice of alleged violation that alleges one or more of the exposures listed above, the notice must include a notice of special compliance procedure, and a proof of compliance form to be completed by the alleged violator as directed in the notice.

The notice and proof of compliance form is reproduced here:
